

Metro Partners in Women's Health

Welcome to our practice. We are a group of five obstetrician-gynecologists and two nurse-midwives. When you choose Metro Partners in Women's Health, you benefit from our team. We each have years of experience and stay on the forefront of women's healthcare so you can feel confident that you are in good hands.

When we provide care for your pregnancy, we would like you to know some important information. Our five physicians and two nurse midwives have different on call days at the hospital. If you have been seeing the same provider throughout your pregnancy and you go into labor, the provider you have been seeing may not be the one delivering you. The providers on call schedule are different every week. **There are no set call days for the providers.**

Physician Patients

If you are experiencing a problem with your pregnancy or go into labor **between 16 and 32 weeks**, you would need to go to our **hospital in Southfield** at 9 mile and Greenfield Road. If you were experiencing a problem **after 32 weeks**, you would be sent **to our Novi Hospital** at Grand River and Beck. If you are **less than 16 weeks** and experiencing a problem you would go to either **Providence Southfield or Providence Novi Emergency Room**. Please call the office or the on call doctor before going into the hospital. We want the hospital and physician to be prepared for your arrival. **For a life threatening emergency call 911.**

Midwife Patients

If you are planning to use the Alternative Birthing Center and you are experiencing a problem or go into labor **between 16 and 36 weeks**, **you would go to Labor and Delivery at the Southfield Hospital** at 9 mile and Greenfield Road. If you are **over 36 weeks**, **you may go to the Alternative Birthing Center in the Southfield Hospital**. If you are **less than 16 weeks and experiencing a problem**, **you would go to either Providence Southfield or Providence Novi Emergency Room**. Please call the office or the on call Midwife before going into the hospital. We want the hospital and Midwife to be prepared for your arrival. **For life threatening emergency call 911.**

Listed below are the phone number you would call:

Physician patients: Office phone: 248-662-4388 8:30 am to 4:30 pm
Answering Service: 248-544-6984 4:30 pm to 8:30 am

Midwife patients: Office phone: 248-662-4388 8:30 am to 4:30 pm
Answering Service: 248-691-8656 4:30 pm to 8:30 am

If you call the office phone after hours, a voice system will give you the answering service number too. The office is closed on the weekends.
